Soft

Lightweight

Stable

Comfortable

- Multi-structure detachable design for easy cleaning and replacement.
- The mask's 6-point adjustable headband ensures a comfortable fit.
- The silicone cushion provides a comfortable seal and minimizes air leaks.
- The soft, adjustable headband reduces forehead pressure.
- Stable airflow for a comfortable breathing experience.

## LuvOn P1 Nasal Pillows Mask

Relaxed and free with a wide field of vision.

Model: AP-01

- Simplistically designed headgear, comfortable and easy to wear and adjust.
- Ergonomically designed nasal pillows.
- Flexible arm strap support provides an unobstructed view.
- "Quick-release" connector facilitates getting out of bed at night.
- Quiet and lightweight.

## Vented Mask Series

### LuvOn (N1/N2/N3) Nasal Mask

Model:AN-01

Model:AN-02

Model:AN-03

Patented "butterfly forehead" support technology with adjustable height for comfort and stability.

Comfortable for patients who wear glasses. Suitable for reading enthusiasts and other users who need a wider field of vision.

### Lightweight /Soft

- The forehead strap adjusts to your ideal height for a secure and comfortable fit (AN-01/AN-03).
- The flexible headgear design allows for a wide field of vision.
- Ergonomically designed cushion for optimal comfort.
- "Quick-release" connector (e.g. get out of bed at night).
- Quiet and Comfortable.

Simplistically designed for comfort / easy to wear

LuvOn (F1/F2/F3) Full Face Mask

Model: AF-01

Model: AF-02

Model: AF-03

## Non-Vented Mask Series

EXCLUSIVE

LuvRes F1NV Non-Vented Mask

Model: AH-01

LuvRes F2NV Non-Vented Mask

Model: AH-02

- The unique adjustable forehead support strap can be set to a preferred height, making your experience stable and tight (AF-01/AF-03).
- Flexible arm strap support provides wide vision (AF-02).
- Cushion ergonomically designed.
- "Quick-release" connector (e.g. get out of bed at night).
- Minimalist design.

- Unique elbow design, easily fits for patients in multiple scenarios.
- Cushion ergonomically designed.
- Straight forward design with reliable features.
- **The original multi-functional elbow (practical patent)** can be used with "exhaust valve/exhaust tee/ double circuit/intubation", which can conveniently meet different clinical needs of doctors.
